Day 3 City tour of Nuwara eliya

After Breakfast transfer to Nuwara Eliya. Visit Tea Factory & Tea Garden The Tea Factories found on most tea estates play a vital role in the final value of the manufactured tea. Regardless of how carefully the leaf has been grown and plucked, if the processes at the factory are not carried out properly the end result will be of a poor quality. A tea factory is a multi-storied building, almost always sited on the tea estates to ensure that the time between plucking and processing tea is kept to a minimum. Once the tea leaves arrive at the factory they are spread across the upper floors of the building in troughs – a process known as withering. Withering removes all excess moisture in the leaf to make it pliable. Check into the Hotel & Time to relax Overnight stay at Hotel.
